Special session on QA & QC Aspects of Bored Piles and Diaphragm Walls

Deep Foundation Technologies for Infrastructure Development in India 2022

Conference Overview

After two virtual annual conferences in 2020 and 2021, the next Annual Conference on Deep Foundation Technologies for Infrastructure Development in India is an in-person event this year. The fun and fanfare are back again with power packed technical sessions during the conference to be held on 15-17 September 2022 at Tirupati, Andhra Pradesh, India. The Conference will offer a wide forum of deep foundation professionals to present, discuss and debate many aspects of the latest technologies appropriate for the speedy execution of deep foundation for major infrastructure projects in India. DFI of India is collaborating with IIT Tirupati and Indian Geotechnical Society Tirupati Chapter for this mega event to be organised at Fortune Select Grand Ridge, Tirupati.

Conference Chairs

Prof. A Murali Krishna, Indian Institute of Technology Tirupati

Er Anirudhan I V, Geotechnical Solutions, Chennai

Conference Registration Fee

3-day Conference 15-17 Sept 2022	INR
DFI Member	9,000
IGS Member	9,500
Others *	11,700
Student (PG & Research)**	4,500
Spouse	4,500
*DFI membership from Sept. '22 to Dec. '23 at concessional rate included for Indian Delegates. Please visit www.dfi-india.org for membership benefits.	

** Students must register using the institute email ID or submit the copy of the Student ID as proof. All student registrations will get free membership throughout their academic term. The net registration fee for Print only papers will be INR 4,000/- without conference attendance.

Delegate registration closes on 10 Sept 2022

On-site registration fee INR 1000 extra.

Cancellation policy: Visit registration site for cancellation policy.

Professional Development Hours

First and second day 6.0 PDH each
Third day 3.0 PDH
totalling 15.0 hours (depending on your attendance).

About the Conference

11th Annual Conference DFI India 2022 will be held during 15-17 September 2022 and the proceedings from the conference will help the participants to deploy good work practices in their projects benefiting by time/cost savings. Completing the foundations in time means completing the project on time, if not well in advance.

The conference will have five technical sessions on three days namely 15,16 and 17 September 2022. Advancing the conference dates to September is a conscious decision to overcome the stress of unpredicted monsoons and weather situations in November.

The first session will start with conference inauguration followed by keynote presentations. The second session is a special one on QA & QC Aspects of Bored Piles and Diaphragm Walls.

The third and fourth sessions will have keynote presentation, contributory paper presentations and panel discussion apart from corporate presentations. Parallel sessions are planned to accommodate papers on wide range of topics.

The highlights of the fifth session on the third day will be the GroundWork and WiDF hours. The delegates can use the third day afternoon and the following Sunday for Sri Balaji Darshan at the famous Tirupati Temple.

The conference will focus on the following topics

- Deep Foundation and Deep Excavation Technologies for Metro and High Speed Rail.
- Innovative techniques & Testing for Geotechnical Investigations; Monitoring, Performance, and QA-QC of Deep Foundations.
- Challenges to Working and the Impact of Existing Codes with Respect to Technical Innovations in Deep Foundations.
- Ground Improvement Techniques for Mass Stabilization.
- Geotechnics for Marine, Near-shore, and Coastal Construction.
- Research, Experimental and Numerical Methods in Deep Foundations and Deep Excavation Technologies.
- Mono-piles and Other Advanced Deep Foundation Systems.
- Deep Foundations in Coralline and Carbonate rocks, and any other unique and interesting papers related to deep foundation themes.

The participants will have unique opportunities to know about various initiatives, plans for future of DFII.

Tirupati is famous for the Venkateswara temple in the sacred Tirumala hills at an elevation of 860m. One of the most important pilgrimage centers in India, the temple draws millions of pilgrims and is believed to be the busiest pilgrimage centre in the world. Lying at the southern tip of the Eastern ghats in Andhra Pradesh, the district has a number of perennial water falls and vast forest cover. Tirupati town itself, has several temples and is famous for its red wooden toys, copper and brass idols. Tirupati has for centuries remained a destination divine and this feeling grows on one as one goes round the various temples and spots of natural beauty surrounding this major town.

Organisers

Deep Foundations Institute of India

DFI is an international non-profit association of engineers, contractors, manufacturers, equipment suppliers in the deep foundations and excavations.

DFI of India was registered at Chennai with the Ministry of Company Affairs as a non-profit organization in 2013, following its second event in Hyderabad in 2011 and the inaugural Deep Foundation Technologies for Infrastructure Development in India conference held in Chennai in 2012. These events were followed by highly successful conferences in Mumbai (2013), New Delhi (2014), Bangalore (2015), Kolkata (2016), Chennai (2017), Gandhinagar (2018), Hyderabad (2019) and virtual conference in 2020 and 2021. Several seminars and workshops were organized in different cities in India.

The DFI of India mission is to help the Indian foundation industry on a continuous and sustained basis in measurable steps, become professional, and embrace new technologies for faster development of India. The chapter looks to provide a platform for constant interaction for all stakeholders of the Indian foundation industry, including international agencies via seminars, workshops and training courses. Visit www.dfi-india.org for more information about DFI of India.

The Indian Institute of Technology Tirupati

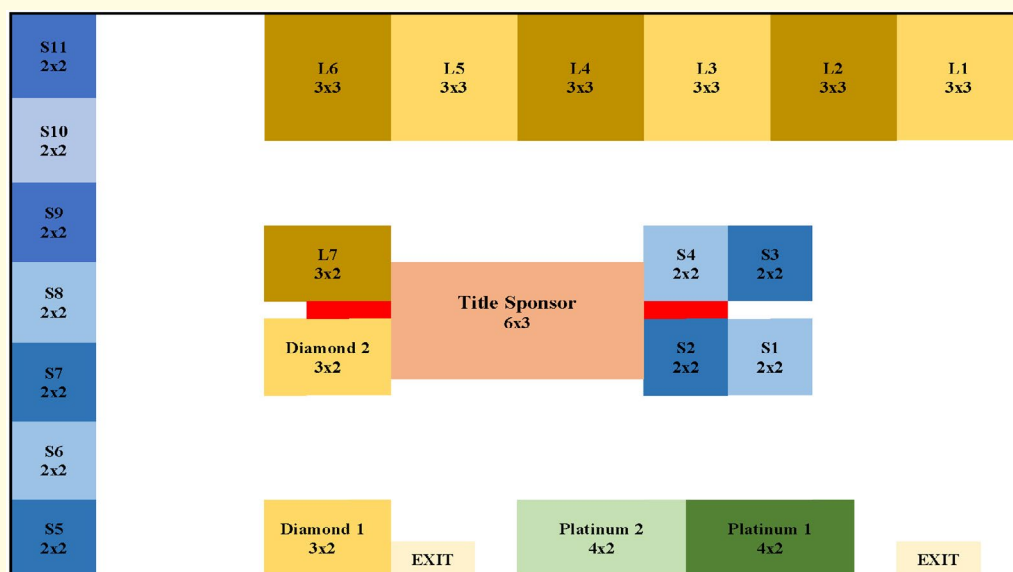

The Indian Institute of Technology Tirupati (IIT Tirupati), established in 2015, is an autonomous Institute under Ministry of Education, Government of India. It is declared as an Institute of National Importance under the Act of Parliament of India (Institutes of Technology Act, 1961).

Indian Institute of Technology Tirupati is the first among the 3rd phase of IITs, announced in 2014, to have its foundation stone laid in March 2015. IIT Tirupati started functioning with the support of its mentoring institute, IIT Madras, from the academic year of 2015-16. The academic program was launched in August 2015 by admitting students in the B.Tech programme in the fields of Civil Engineering, Computer Science & Engineering, Electrical Engineering, and Mechanical Engineering.

IGS Tirupati Chapter

Indian Geotechnical Society Tirupati Chapter is one of the active chapters of Indian Geotechnical Society. Dr. K. Mallikarjuna Rao of Dept. of Civil Engineering S.V. University College of Engg. Tirupati is the current Chairman, Dr. Ch Sudha Rani, S.V. University College of Engg. is the Vice-Chairperson and Dr. B. Janaki Ramaiah of IIT Tirupati is the Honorary Secretary.

Exhibition Layout*

* Some booths are reserved for Sponsors. Please make your choice and inform DFI India office for confirmation. The booths are allotted first come first basis and the details will be updated on the conference site Website: www.dfi.org/India2022 regularly. The layout may be changed without notice.

Exhibitor

(DFI or DFII corporate member)

L Stalls (3mX3m) INR 70,000

S Stalls (2mX2m) INR 50,000

Includes 2 Delegate registration, 1 Table, 2 chairs, 1 printed brochure[#] insert in conference Kit

Half page (landscape) advertisement in e-souvenir

Exhibitor

(Non-member)

L Stalls (3mX3m) INR 85,000

S Stalls (2mX2m) INR 65,000

Includes 2 Delegate registration, 1 Table, 2 chairs, 1 printed brochure[#] insert in conference Kit

Half page (landscape) advertisement in e-souvenir

Sponsorship Opportunities

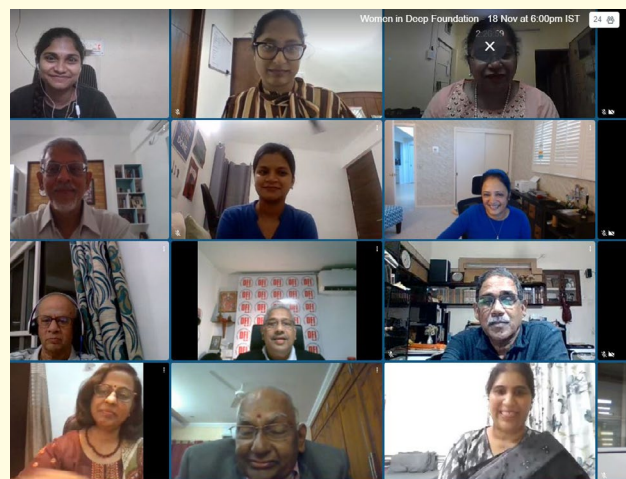

Register early to get promotional slots and logo display during conference promotions

Gain exposure for your company before and after the conference by taking advantage of sponsorship opportunities. Doing so demonstrates your support for DFI of India, commitment to knowledge and leadership in the industry.
